

**ROCAL
EXTRUSIONS**

**Wrapping Options,
Colours & Effects.**

About us

As part of our commitment to offering a complete service, Rocal Extrusions offer wrapped plastic extrusions in a vast array of different colours, textures and finishes.

Our team have experience wrapping both plastic extrusions that have been produced in-house, as well as foiling profiles which have been manufactured elsewhere in either PVC foil or paper. The range of stock foiling options are featured below and on the following pages.

However, if you can't see what you are looking for, our team can cost effectively source a finish that matches your exact requirements.
